

# Prem Tinsulanonda International School

An International Baccalaureate Boarding and Day School  
Chiang Mai Thailand

## High School Philosophy Statement

In the High School at Prem we engage with students as they move from adolescence to young adulthood in a supportive environment where they grow and mature. Students are encouraged to develop their passions, a love for learning and an enthusiasm for life. We nurture our students to become global citizens who lead responsibly, live sustainably and celebrate diversity through engagement in a rigorous and stimulating learning environment where there is an expectation to strive for excellence and maximum achievement in all learning.

We believe in:

- students being active participants in their own learning journeys
- a safe learning environment of open and respectful relationships
- being principled and taking responsibility for decisions and actions
- the right of students to develop to their fullest potential
- empowering students with the ability and freedom to choose their optimal pathways and develop fully into successful adults
- being resourceful and resilient in the face of challenges and changes
- building social responsibility and a commitment to service
- respecting and celebrating diversity within the community
