Prem Mission

We are a community that challenges its members to act as compassionate, knowledgeable and principled global citizens: working together for a sustainable future and inspired by meaningful relationships, continuous learning and "good thinking".

IB World School

Prem teaches all four IB Programmes: the Primary Years Programme (IB PYP), the Middle Years Programme (IB MYP), the Diploma Programme (IB DP) and the Career related Programme (IB CP).

Prem is a part of the vibrant community that forms the unique Traidhos Three-Generation Community for Learning. The Traidhos Community offers many learning programmes for thousands of people across all generations in a caring and sustainable environment.

Programmes

IB Diploma Programme

The IB Diploma Programme is an academically challenging and balanced programme of education with final examinations that prepares students, aged 16 to 19, for success at university and life beyond. It has been designed to address the intellectual, social, emotional and physical well-being of students. In addition to the three core elements of Theory of Knowledge (TOK), an Extended Essay (EE) and Creativity, Activity, Service (CAS), students take six subjects, three of which must be at Higher Level (HL) and the remaining three subjects at Standard Level (SL).

IB Career-related Programme

IB Career-related Programme (IBCP): The IBCP is for students in grades 11 and 12 that includes many of the same elements as the Diploma Programme: a selection of two to four IB Diploma courses, a Reflective Project (RP), an emphasis on Service Learning (SL), Language Development (LD) and a Personal and Professional Skills course (PPS). In addition, students spend a significant amount of time studying a career-related subject of interest.

Prem currently offers three career-related programmes in the arts, sustainability and sports management. We have partnerships with Savannah College of Art and Design (SCAD); Sustainability Management School Switzerland (SUMAS); and World Academy of Sports (WAOS). These partnerships allow students to gain college credits in their chosen field of study.

Exploria

Exploria is the school's co-curricular activities programme. It is built on the principle that co-curricular activities should be both fun and have strong links to the curriculum being taught in the classroom. Activities provide academic, service, creative, artistic and athletic experiences for students. Prem offers over 100 activities per year.
